Towards a nuclear-weapon-free world: accelerating the implementation of nuclear disarmament commitments

The General Assembly,

Recalling its resolutions 1/1 of 24 January 1946 and 67/34 of 3 December 2012,

Reiterating its grave concern at the danger to humanity posed by nuclear weapons, which should inform all deliberations, decisions and actions relating to nuclear disarmament and nuclear non-proliferation,

Recalling the expression of deep concern by the 2010 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons at the catastrophic humanitarian consequences of any use of nuclear weapons,¹ and its resolve to seek a safer world for all and to achieve the peace and security of a world without nuclear weapons,

Bearing in mind the discussions at the Conference on the Humanitarian Impact of Nuclear Weapons, hosted by Norway on 4 and 5 March 2013, aimed at developing a greater awareness and understanding of the catastrophic consequences of nuclear weapons detonations, and welcoming the announcement of Mexico of its intention to convene a meeting on 13 and 14 February 2014 on the humanitarian impact of nuclear weapons,

Welcoming the convening of the high-level meeting of the General Assembly on nuclear disarmament, held on 26 September 2013, which was aimed at bolstering efforts towards a nuclear-weapon-free world,

¹ See 2010 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, *Final Document*, vol. I (NPT/CONF.2010/50 (Vol. I)), part I, *Conclusions and recommendations for follow-on actions*.

Welcoming the convening of the Open-ended Working Group established by the General Assembly in its resolution 67/56 of 3 December 2012 to develop proposals to take forward multilateral nuclear disarmament negotiations for the achievement and maintenance of a world without nuclear weapons, and acknowledging its final report,²

Underlining the importance of nuclear disarmament and non-proliferation education,

Reaffirming that nuclear disarmament and nuclear non-proliferation are mutually reinforcing processes requiring urgent irreversible progress on both fronts,

Recalling the decisions and the resolution adopted at the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,³ the basis upon which the Treaty was indefinitely extended, and the Final Document of the 2000⁴ and the 2010⁵ Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, and in particular the unequivocal undertaking by the nuclear-weapon States to accomplish the total elimination of their nuclear arsenals, leading to nuclear disarmament, in accordance with commitments made under article VI of the Treaty on the Non-Proliferation of Nuclear Weapons,⁶

Reaffirming the commitment of all States parties to the Treaty on the Non-Proliferation of Nuclear Weapons to apply the principles of irreversibility, verifiability and transparency in relation to the implementation of their treaty obligations,

Recalling that the 2010 Review Conference reaffirmed and recognized that the total elimination of nuclear weapons is the only absolute guarantee against the use or threat of use of nuclear weapons and the legitimate interest of non-nuclear-weapon States in receiving unequivocal and legally binding negative security assurances from nuclear-weapon States pending the total elimination of nuclear weapons,

Recognizing the continued vital importance of the entry into force of the Comprehensive Nuclear-Test-Ban Treaty⁷ to the advancement of nuclear disarmament and nuclear non-proliferation objectives, and welcoming the recent ratifications of the Treaty by Brunei Darussalam, Chad, Guinea-Bissau and Iraq,

Reaffirming the conviction that, pending the total elimination of nuclear weapons, the establishment and maintenance of nuclear-weapon-free zones enhances global and regional peace and security, strengthens the nuclear non-proliferation regime and contributes towards realizing the objectives of nuclear disarmament, urging further concrete progress towards strengthening all existing nuclear-weapon-free zones, including through the withdrawal of any reservations or

Recalling the encouragement expressed at the 2010 Review Conference for the establishment of further nuclear-weapon-free zones, on the basis of arrangements freely arrived at among the States of the region concerned, reaffirming the expectation that this will be followed by concerted international efforts to create such zones in areas where they do not currently exist, especially in the Middle East, and in that context recognizing the agreement at the 2010 Review Conference on practical steps to fully implement the 1995 resolution on the Middle East,

Acknowledging the ongoing efforts towards the full implementation of the Treaty between the Russian Federation and the United States of America on Measures for the Further Reduction and Limitation of Strategic Offensive Arms, while re-emphasizing the encouragement of the 2010 Review Conference to both States to continue discussions on follow-on measures in order to achieve deeper reductions in their nuclear arsenals,

Deeply disappointed at the continued absence of progress towards multilateral negotiations on nuclear disarmament issues, in particular in the Conference on Disarmament, despite intensive efforts during its 2013 session to agree on a programme of work, and underlining the importance of multilateralism in relation to nuclear disarmament, while recognizing also the value of bilateral and regional initiatives,

Acknowledging the second session of the Preparatory Committee for the 2015 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, held in Geneva from 22 April to 3 May 2013, and emphasizing the importance of a constructive and successful preparatory process leading to the 2015 Review Conference, which should contribute to strengthening the Treaty and making progress towards achieving its full implementation and universality, and monitor the implementation of commitments made and actions agreed at the 1995, 2000 and 2010 Review Conferences,
