Re: URGENT: PLEASE LOOK NOW

one suggestion from me, "this is an outright lie" leaps out of the page. It is too bald, too simply undignified (more worthy of a tweet from the Fanta-faced fascist - to borrow a memorable phrase from some pictures of placards Rupert circulated this week) for OHCHR to use in an official statement. I know we need to take the gloves off, but this is one notch too low I think.

"outright falsehood", "complete fabrication", "wholly untrue", "there is not one iota of truth in this latest deliberate defamation by UN watch" or any other formulation would be better I think.

Last sentence doesn't seem quite strong enough. can we add "entirely" before unsubstantiated? (I'm not sure of the facts on this one).

thanks
Andrew

Re: URGENT: PLEASE LOOK NOW

Dear all, I have made some suggestions in track changes, for your consideration.

Most importantly though I would add a sentence that the NGO in question has never claimed or alleged that its members were endangered in any way by any actions of the Office...

Kind regards, Maarit
